MARCH 2022 NEWSLETTER

Capital Projects At a Glance

In 2021, the Village of Marwayne constructed an addition to our Fire Hall. The new bays are designed to accommodate both current and future equipment as well as provide more space for our amazing fire department volunteers. We were also able to expand our walking trail system, repair and resurface various road patches and install new signs throughout the community.

In 2022, Council plans to replace the main header at the water treatment plant, install new hanging flower baskets throughout our downtown core, continue to expand the walking trail system and install a new bulk water system giving residents 24/7 access for their convenience. With a decline in grant funding and property assessment, the Village is doing it's absolute best to continue to provide the community with the necessary services and amenities that we all have come to know and expect. As we await the decision of our grant applications over the coming months, the Village hopes to provide residents with more good news as to the initiatives and projects we have planned for 2022 and beyond. In the meantime, we encourage everyone to submit their sustainability plan rewrite surveys (if you have not already done so), to ensure that your feedback and suggestions are incorporated to the new plan being drafted this spring. As we work together to ensure the Village of Marwayne's prosperity, it is of the utmost importance that we hear from you! We want to know what amenities, projects, and initiatives you would like to see in our community so that we can make decisions to bring that vision to life.

HINT OF SPRING – IN OUR GARDEN OF GRIEF

There is a change in the season and there are changes on our grief journey.

Changes and good-byes are painful and times of fear of what the future will be like. The feeling of life “out of control” and fears of adjusting to a new and different course in our lives. Acceptance is not an overnight happening but a gradual change, just as the seasons. It can be a time of an emotional roller-coaster.

When in this time in our lives we need to look at how we are going to cope. We need some coping tools for our emotional grief garden.

LOOKING AT LIFE’S ALTERNATIVES: Acceptance of life as it is now and having the courage and ability to look at choices and changes that will happen for the tomorrows. Life is like a river ever changing and moving. We cannot stay rooted in the pain of today or a fixed picture of what life “is”, we have to be open to there being an alternative to where we are now.

USING OUR MEMORIES: (sum total of what we can remember). Persons and relationships never die but become memories. We can take back some control of our lives and our grief journey when we are in charge of our memories and can recall good ones and shut out bad ones. Sometimes those memories will cause tears but later on our journey we will be able to laugh and cry too. Embrace the past but hold it gently as you move forward.

VERBALIZE FEELINGS AND THOUGHTS TO A SUPPORT PERSON: Finding and utilizing that support person or group is a vital tool to healing and moving forward. Sharing without shame or fear, feelings of “crazy”, anger, sadness, joy or relief, all apart of the grief journey. “No man is an island unto himself” We need people to talk to, to heal and become a new wholeness. Do not forget the children and other members of the family who are all on their own journey, too. We can share the gift of honesty, with ourselves and the others in our family and have a concern with where they are on their journey. We can encourage and listen to their feelings and emotions and help them find supportive people .

BEGIN THE USE OF PROBLEM SOLVING: a) Look at what problem you are facing and state it. (b) begin to express how you feel about it. (c) Find a trustworthy person to share what you are experiencing. (d) Seek support and insight from others who are in similar situations. (e) Realize you are the only person you can change . Get out those coping tools, take courage, you are in charge of tending your grief garden.

A Pastor's Gleanings

Ted Byfield wrote, $3 \times 4 = 13$ is not a respected minority opinion, it is wrong! Truth by its nature is exclusive, there is only one answer for 3×4 . Likewise, if you are in Marwayne and want to go to Lea Park you must go north. You can go east to highway 17, but then you would have to go north. Or you can drive west on 45 then north on 893. In both cases you can go east or west then you will have to backtrack. You will though, have to go north somewhere.

If you hear me say "Jesus Christ is the way the truth and the life." Don't think me intolerant, prejudiced and narrow minded. Jesus said that because it is true. If you go another way you will have to backtrack at some point; the sooner you do the better; if you don't there will be eternal consequences. Alternatively, "all who receive him who believe in his name (Jesus) he gives the right to become the children of God." (John 1:12)

Calculate, reckon, decipher it as you may, $1 \times 1 = 1$. There is one Truth one Way one Lord over all, call on Him. Many roads lead to Lea Park, come join us as we worship Him! Bethel Lutheran Church Lea Park, services Sundays at 10:30. Also on Zoom, Face Book and You Tube, call Pastors Kevin 780 872 0070 or Ed 780 808 5026
