## APRIL 2021 NEWSLETTER

### PUBLIC HEARING

Village of Marwayne  
Bylaw 580-21

The Village of Marwayne has partnered with the County of Vermilion River to create an Intermunicipal Development Plan (IDP). The IDP is a statutory planning document designed to foster an interjurisdictional approach to proactively address planning and development initiatives on the lands that connect the two municipalities over a thirty (30) year horizon. The IDP will provide a long-term, mutually beneficial, and supported framework for the future development and growth in the area. Council will be proceeding with the formal adoption process for the adoption of the IDP through bylaw 580 – 21.

The Council meeting and public hearing will be held via **Zoom on Monday, April 12<sup>th</sup>, 2021**, at 7:15PM respectfully. The public is able to join the meeting and make an oral submission (details below) or alternatively, they may make a written submission in writing to the Village by email to **cao@marwayne.ca** or by dropping a letter in the drop box located outside of the Village administration office.

The Bylaw can be viewed online by visiting **www.marwayne.ca** or by requesting a copy from the Village administration office by email at **cao@marwayne.ca** or by phone at 780-847-3962.

## COMMUNITY WIDE GARAGE SALE

Saturday May 23rd, 2021

How it works:

- If you are interested in having a garage sale in your yard this day please contact us at the Village administration office.
- We will post all the listings on Facebook, on our website and around town a few days before the big day.
- On Saturday May 23rd make sure to advertise your big sale! Create bright signs with balloons (making sure to remove after the sale).

You can contact us by phone 780-847-3962 or by email at [admin@marwayne.ca](mailto:admin@marwayne.ca) during regular working business hours.

**PLEASE NOTE: As the future of the COVID-19 restrictions are unclear, this date may change or be cancelled and we will notify the public accordingly.**

**13<sup>th</sup> Annual Marwayne**  
**Style**  
**Treasure**  
**Hunt**

**Saturday, May 30th**

# MARWAYNE SPRING CLEANUP

**Treasure Hunt will be Saturday May 30th, 2021 for one day only**

How it works:

Treasure Hunt is for reusable items! The stuff you know is still good but you don't want anymore. The treasure hunt is your opportunity to recycle appliances, furniture and other large items that can be re-used by someone else.

- Put your treasures on your FRONT Boulevard on **May 30th**
- Residents are encouraged to tour around town looking for treasures to take home and the best part is they are free!
- Some acceptable items could be: fridges, stoves, freezers, furniture, sinks, dishwashers, snow blowers, lawnmowers, patio furniture, barbecues, windows, bikes.... (If they are not in working order, please put a sign on item)

**Do NOT put regular garbage, renovation materials, or your yard clean up bags as these will not be picked up. Additional information can be found at [https://www.vermillion-river.com/living\\_here/waste\\_transfer\\_sites.html](https://www.vermillion-river.com/living_here/waste_transfer_sites.html)**

**If Big items are not picked up** Public Works will come around on **Monday, May 31st** to assess what needs to be hauled to the dump. To save time and money the public works department will only assess and pick up off a street ONCE so be sure to have your items out by 8am May 31st.

**REMEMBER** we WILL NOT pick up anything that can be placed in your large waste bins. This is ONLY for **Big Items**. Some items that will not be picked up by the Village are: Shingles, Gyp Roc, cement/concrete, car parts or motors of any kind, animal waste...

Please note during this week your items may be left on your boulevard for a few days while the Public Works Department is clearing other places in town.

**Transfer Station Hours:** Wednesday 2pm-7pm & Saturday 10am-2pm.

**PLEASE NOTE: As the future of the COVID-19 restrictions are unclear, this date may change or be cancelled and we will notify the public accordingly.**

# Marwayne Ag Society

## APRIL UPDATE

Our local ag society is passionate about community involvement and providing a diverse selection of activities and events for all members of our community and surrounding area to participate in! We look forward to seeing everyone out at our events as things hopefully return to normal. Our groups are getting creative in providing new activities to the community and if there is something you would love to see, please don't hesitate to reach out to our ag society with your ideas.

The Ag Society has been working hard to apply for grants to help support the operations of our groups. Thank you to the Village of Marwayne for providing the Ag Society with \$10,000 in covid relief funding.

**Minor Ball** registration has now closed, and they look forward to opening up the ball season within covid restrictions. Currently the group is looking for an Umpire Coordinator and Diamond Scheduler to fill their board positions. Diamond 3 is planned to be completed this year, look forward to seeing this project come to completion!

Thank you to everyone who came out to the booth night at the **hockey arena** a few weeks back. Hope everyone enjoyed their rink burgers! It was a good fundraiser for the arena. The **PBR** has been postponed as of this time, but the board is hoping to be able to host the event in a modified fashion in the near future. Hockey players were grateful to be able to get on the ice for practices over the last while. The arena ice has now been taken out and the season has come to an end.

The Curling season was short lived this year due to covid, the curling rink ice has been taken out as well. The **Curling Rink** is currently selling tickets on a 2021 Polaris Ranger and two draws for \$500. Tickets are available in town at Home Hardware or through curling rink members. The board is also working on alternate activities to utilize the facility through the summer months such as bean bags (corn hole) and pickleball. Stay tuned for more updates!

The **66<sup>th</sup> Annual Lea Park Pro Rodeo** is planned to go ahead on June 11,12 & 13. The committee is working hard to host the rodeo under ever changing health restrictions. They are once again having their **truck raffle** with tickets available at Home Hardware or through any board member! Thank you to the sponsors of the LPR for their ongoing support whatever the covid situation may be, it is so greatly appreciated!

**PICKLEBALL**

Join us at the Marwayne Curling Club on **April 14 @ 7:00PM**  
for a drop in night of pickleball!

All ages are welcome, equipment and instruction will be provided. Please wear a pair of clean running shoes. Hope to see you there!

## **Pastors Gleanings**

Easter comes in April this year so consider this, Johann von Staupitz wrote "Providence can be comprehended and found in the wounds of Christ."

The Apostle Paul wrote "God was reconciling the world to himself in Christ, not counting the people sins against them." (2Corinthians5:18) God has extended his open hand of reconciliation to us in Christ. If you haven't already, reach out and accept that hand and you will seal a deal that will never stop paying dividends. Dividends beyond what we can imagine. To reject it will cost everything.

So, with the Apostle Paul we "Implore you on behalf of Christ be reconciled to God." Remember what Anne Murray sang? "Put your hand in the hand of the man who stilled the water, calmed the sea ... put your hand in the hand of the man from Galilee"

After all, "He is the radiance of the glory of God the exact imprint of his nature, and he upholds the universe by the word of his power. After making purification for sins he sat down at the right hand of the Majesty on high." (Hebrews1:3) Staupitz is right.

## Kitscoty 4-H Multi-Club

Even in the grasp of a pandemic, the Kitscoty 4-H Multi-club 2020-2021 was a go. If you wonder why they call it the multi-club, our club is comprised of K-9, leadership, small engines, food & crafts, and cleavers (learning members). In total, we have 16 members and 4 cleavers. Our communications day was February 20<sup>th</sup>. and it was held virtually. If you are interested in watching the recording, you can find it on the 4-H Facebook page. In addition to our projects, we have done a few community service tasks, such as repairing the curling rink steps and rail and shoveling for the Senior Center throughout the winter. We recently did a fundraiser for our club on March 6<sup>th</sup>. which was a bottle drive. We want to thank all those in the community who have donated bottles.

## Business Advertising Opportunity

Calling all business owners! The Village of Marwayne's Economic Development Committee is looking for businesses who would be interested in advertising their logo on a billboard along Highway 897. For a small fee, your business could be displayed for everyone to see!

If this sounds like something you would be interested in, please contract the Village administration office for more information.

## WHEN IT RAINS , IT POURS

Submitted by Shirley L Scott, for Walking Through Grief Society

Supported by FCSS ; City of Lloydminster, Towns of Vermilion and Wainwright, Villages of Kitscoty and Marwayne, County Vermilion River and donations.

It may be April but it is not the April "Showers" I am thinking of.

Have you ever had multiple losses in your life that are overwhelming you and you feel like the pain of grief causes you to feel helpless with so many surprising emotions. You are feeling the results of Cumulative Grief. What is Cumulative Grief?

Cumulative grief becomes part of our grief journey when we experience multiple losses and before we have had any time to process that loss we overwhelmed by, yet another loss.

It would be great to think each loss we endure is processed ( worked through the pain) and we can integrate it into our lives before we are faced with another grief loss. Often this is not the case and we are faced with multiple losses that have piled more pain upon pain and fear upon fear. Called "Cumulative Grief", "Grief Overload".

Is there a way we can truly know that we have grieved the first loss , processed and integrated it into our lives ? Grief is so individual that there is no time line or check list for everyone , but we know time is a factor. If we don't have the time to process or deal with and give the attention needed , it becomes emotionally more that we can handle.

When our brain is overwhelmed with anything our defense mechanism becomes "Avoidance".

We experience this in a death loss but it can grow with multiple losses. Denial and shock can be negative if never resolved and avoidance cannot continue indefinitely.

**Be aware of the risk of cumulated loss/grief overload.** Being aware of the multiple losses in a short period poses unique challenges, this can put you at risk for a grief process that is especially complicated.

**Be sensitive to other friends or family member who have suffered multiple losses and are at risk for cumulative grief.** We can become absorbed in our own way of grieving when we experience a loss and find dealing with others who grieve differently may be difficult as they may have multiple losses.

**Be aware of increased possibility of avoidance or denial in instances of cumulative grief.** To make it through one day at a time you may find you are more prone to avoidance than before and may increase the risk of more use of Alcohol and other drugs. Be aware that you must ultimately grieve all of those recent losses.

**Keep in mind that time is not the only factor in cumulative grief.** Though assuming that grief overload occurs only with immediate succession of losses this is not the case. A loss that occurred years before that was not successfully attended to may be brought forward by a new loss and can be overwhelming.

**Substance abuse can increase the risk for cumulative grief.** When abusing drugs and alcohol people are prone to avoid grieving and going through the pain of grief. This avoidance can leave grief unattended (cumulated) and possibly be re-addressed at another loss years later when no longer using substances.

**Age can increase the risk for cumulative grief.** Those aging 70,80 or 90ies experience multiple losses of friends, family, more often than in earlier life. They also experience losses of home, independence and identity. These losses and grief felt are often minimized by society but are cumulated losses to be dealt with . Often the aging population is not as apt to seek out professional help to get through this time of grief they are living with , "Grief Overload" .

**Grief is as unique as each person we lose, so we cannot rush grieving multiple losses.** Each loss must be grieved individually and cannot be lumped together to be dealt with at once. Attention must be spent on each loss in order to integrate them into our lives.

**Cumulative grief can put more stress on our faith.** When suffering multiple losses our faith can leave us questioning our Higher Power. "Why bad things happen to good people", but is not always the case. Know it is normal if your faith shakes as a result of cumulative grief overload.
