Acoustic Watermain Testing & Repairs

This past month, the Village of Marwayne retained the services of Hetek Solutions Inc. to complete acoustic watermain testing. The goal of the testing was to determine potential water leak locations throughout our underground infrastructure in order to carry out the necessary repairs. In an effort to reduce our daily water loss, the Village, in conjunction with our local contractors, proactively excavated several different areas throughout the community.

The Village is pleased to advise residents that the work carried out over the past several weeks resulted in a significant reduction to our ongoing water loss issue. Through multiple projects on Centre Street, 3rd Street North, Railway Avenue, and 3rd Avenue (to name a few), we were successfully able to recoup approximately 72m³ per day/50L per minute of water. To put this into perspective, a cubic metre (m³) equals 1,000 litres (L) of water—the equivalent to roughly 28 showers or 13 baths.

The Village understands the impact that the open excavation has had on our residents as well as the community as a whole and we wish to sincerely thank you for your cooperation during these times. We continue to carry out preventative maintenance on a daily basis so as to minimize the need for repairs to our water and wastewater system.

As we head into the end of the year, the Village is working towards wrapping up our 2020 projects and planning for further improvements in 2021. By the end of the year, the Village of Marwayne will see a new water treatment plant backup generator installed so as to allow for full autonomy during local power outages, an emergency pump electric conversion, a complete revision of the water treatment plant control wiring as well as north lift station radio controls for remote access, viewing and operation when staff are off-site. Again, the Village wishes to thank the community for their continued cooperation as we work hard to provide the best level of service to our people.

Message from the Marwayne Ag Society

As harvest comes to a close and the crops are in the bins. We now will welcome Winter. Burr

November is a very special month to honor the men and women who have served and continue to serve. November 11 is a day to pause in a moment of silence to honor those Canadians, during times of war, conflict and peace.

PEACE IS

To me peace is hope for life and population, ahead with the newborns and behind with wisdom, and knowledge. Peace is like a free dove, a light to show you guidance on the dark path of life to help you with the bumps and dips up ahead. Peace is world

freedom, alliance between countries, pride in our nation, friendship that stops racism, kindness to all. Peace is not just a medallion you wear around your neck; it's a sign from above. That's what peace is to me.

~Poem written by an 11 year old back in 2004

IMPORTANT SPLASH PARK

NOTICE

The Friends of Marwayne Society has regrettably dissolved and will no longer be acting as the non-profit organization to bring the splash park project to life.

Unfortunately, grant funding for these types of endeavors is only made available to non-profit organizations. If you or someone you know is interested in volunteering their time to keep the project moving forward, please contact the Village Administration Office.

Sadly, without any volunteers, the project is unable to be carried out for the foreseeable future.

Marwayne Public Library

Marwayne Public Library would like to take this opportunity to Pause and Reflect on the life of a valuable member of our library board, Mrs. Isabel Quist. **“The value of a man should be seen in what he gives and not in what he is able to receive.”** This quote personifies what Isabel has meant to our library. She was a beacon shining on our board for many years. Isabel was committed to improving the library for the community. We valued her contributions and ideas from helping create our Plan of Service to fundraising ideas, helping create our Learning Commons, attending library conferences with our library manager and attending board meetings. Isabel Quist's spark will be greatly missed. Thank you for your years of service. – The Library Board, Carmen Smart and Kirsten Hnatow

The library is open on Wednesdays until 7:00 pm. Please wear a mask, hand sanitize upon entry and fill out the app on I-Pad provided at front entrance of the school. Thank you for your consideration for others.

PASTOR'S NOTES

Tear Down the Platform of Pride

Pride is the platform upon which sin is built. From the beginning, Satan, the highest arch angel, the one in charge of covering the glory of God, thought within himself, that he was worthy of more glory than he was already given. His pride had him immediately cast from the heavens to the earth. That pride would then be what Satan would deceive Eve with, by telling her that she would be as God, if she disobeyed the word of God. Upon her deception and Adam's disobedience, sin would be born into a perfect world. Since that time, pride is the foundation upon which all things in this world are built upon. As the ruler of the power of the air, Satan, does all things for one purpose, to steal God's glory and heap upon himself, glory.

With this understanding we can see scripture more clearly and discern the motives and agendas of a world system under control of Satan's pride.

Luke 16:15 (KJV)

15 And he said unto them, **Ye are they which justify yourselves before men; but God knoweth your hearts: for that which is highly esteemed among men is abomination in the sight of God.**

In our generation of selfies and endless entertainment, there is an all-consuming pride that has engulfed our world. Everything that we might think is of any value, other than the word of God and the work of his kingdom, is an abomination in God's eyes. With that knowledge, we ought to re-evaluate our lives and begin to remove and take down the things we have placed in high esteem. Seeking the praise of men in any shape or form is robbery of the praise that belongs to God. Giving praise to any form of entertainment is robbery of praise that belongs to God.

If our lives are consumed with seeking after that praise or giving that praise to entertainment, we certainly must be a stench in God's nostrils.

We need to humble ourselves and begin to tear down the walls of pride that we have built in our hearts. We need to begin to direct our praise toward the creator of all, Jesus Christ.

1 Chronicles 7:14 (KJV)

14 If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land.

Jesus is the only hope for our souls.

A PASTOR'S GLEANINGS

As I write this the people of Saskatchewan are voting in a provincial election. British Columbia just finished theirs and recently Canada just narrowly avoided a federal election. But most of the media attention is on the upcoming American presidential election. It is understandable as it is viewed as the most powerful office on earth. Many are terrified of the re-election of Trump and others are fearful of the election of Biden.

We need not fear. When Pontius Pilate asked Jesus if he understood that he had the power to crucify him or release him Jesus answered "you would have no authority over me at all unless it had been given to you from above." (John19:11) We should not doubt where the seat of Authority truly is. Jesus is seated there on it at God's right hand.

Now because he chose to lay down his life on the Cross, and he took it up again, we have full access into that room where he is seated through faith in what he finished. And we can lobby there in the highest office there is; as Paul urges us "that prayers and intercessions and thanksgivings be made for all people, for kings and all in authority, that we may live a peaceful and quiet life, godly and dignified in every way." (1Tim2:1&2)

Bethel Lutheran Church service's Sundays at 10:30. Recordings available on face book page and youtube channel Bethel Lutheran Church of Lea Park or live on telephone via Zoom. Call for numbers or a visit.
