## ACE Regional Water Service connected successfully

Photo courtesy of the Vermilion Standard

Over the past month utility customers in Marwayne should have noticed a change in the water being supplied to their taps. February was Marwayne's first month on the regional waterline. The Mayor of Marwayne, Cheryle Eikeland has been given the grand tour of the ACE Water Treatment Plant. Village Administration and Public Works have been invited for a tour in March.

To try and continue providing as much information as possible to ratepayers the Village website has seen some updates:

*The Council and Staff of the Village of Marwayne would like to extend a thank you to Gayle Tupper, Administrative Assistant, for her years of service to the municipality. Gayle started with the Village back in 2005 and concluded on February 28th.*

*We wish you the very best in your future endeavors Gayle!*

Newsletter Submission - Re: Disposal of Batteries

### **Vermilion River Regional Waste Management Services Commission**

Due to the potential fire hazard that can be caused by damaged rechargeable lithium-ion batteries including, but not limited to, those batteries used in cell phones, tablets and other electronic devices, and rechargeable batteries used in power tools and equipment, the Vermilion River Regional Waste Management Services Commission asks that anyone using any of our transfer sites must declare any batteries that they want to dispose of when entering the site. If the transfer site has a regulated disposal bin for batteries, the patron will be directed to the correct disposal receptacle.

Any small batteries including disposable alkaline batteries, and any rechargeable lithium-ion batteries such as those found in electronic devices such as cell phones and tablets, or rechargeable small tool batteries must be disposed of in the designated hazardous waste bin. Transfer sites that have a regulated hazardous waste bin are located at the Vermilion, Kitscoty, Marwayne, Dewberry and Paradise Valley sites. We ask our patrons not to dispose of these batteries at the Tulliby Lake or Preston transfer sites. Please take them to one of the other sites that do accept batteries.

The Vermilion River Regional Waste Management Services Commission will continue to take lead-acid automotive batteries. These batteries must also be declared at the gate and patrons will be directed to the regulated disposal bin for these types of batteries. Not all transfer sites have regulated bins for accepting lead-acid bins, and patrons will be informed at the gate if they have to be taken to another site for disposal. Tulliby Lake and Dewberry transfer sites cannot accept lead-acid batteries at this time.

We would like to make our patrons aware of the potential extreme fire hazard that can be caused by damaged lithium-ion batteries. Damaged batteries can reach 600 degrees Celsius if they are ignited. They burn very quickly and smoke from the flames can be harmful to the respiratory system and vision of anyone that is in close vicinity to the flames.

**PLEASE DISPOSE OF YOUR USED BATTERIES RESPONSIBLY AND HELP US MAINTAIN THE SAFETY OF OUR SITES FOR OUR STAFF, CONTRACTORS AND PATRONS.**

## **HINT OF SPRING – IN OUR GARDEN OF GRIEF**

There is a change in the season and there are changes on our grief journey.

Changes and good-byes care painful and times of fear of what the future will be like. The feeling of life “out of control” and fears of adjusting to a new and different course in our lives. Acceptance is not an overnight happening but a gradual change, just as the seasons. It can be a time of an emotional roller- coaster.

When in this time in our lives we need to look at how we are going to cope. We need some coping tools for our emotional grief garden.

### **1. LOOKING AT LIFE’S ALTERNATIVES:**

Acceptance of life as it is now and having the courage and ability to look at choices and changes that will happen for the tomorrows. Life is like a river ever changing and moving. We cannot stay rooted in the pain of today or a fixed picture of what life “is”, we have to be open to there being an alternative to where we are now.

2. **USING OUR MEMORIES** :( sum total of what we can remember). Persons and relationships never die but become memories. We can take back some control of our lives and our grief journey when we are in charge of our memories and can recall good ones and shut out bad ones. Sometimes those memories will cause tears but later on our journey we will be able to laugh and cry too. Embrace the past but hold it gently as you move forward.

3. **VERBALIZE FEELINGS AND THOUGHTS TO A SUPPORT PERSON:** Finding and utilizing that support person or group is a vital tool to healing and moving forward. Sharing without shame or fear, feelings of “crazy”, anger, sadness, joy or relief, all part of the grief journey. “No man is an island unto himself” We need people to talk to, to heal and become a new wholeness. Do not forget

the children and other members of the family who are all on their own journey, too. We can share the gift of honesty, with ourselves and the others in our family and have a concern with where they are on their journey. We can encourage and listen to their feelings and emotions and help them find supportive people.

### **4. BEGIN THE USE OF PROBLEM SOLVING:**

- A) Look at what problem you are facing and state it.  
B) Begin to express how you feel about it.  
C) Find a trustworthy person to share what you are experiencing.  
D) Seek support and insight from others who are in similar situations.  
E) Realize you are the only person you can change. Get out those coping tools, take courage, you are in charge of tending your grief garden.

The Chamber of Commerce had its beginnings as the Marwayne Board of Trade in 1926. In 1932 it became known as Marwayne Civic Affairs and in 1962 became the Marwayne and District Chamber of Commerce.

Today the majority of the Chamber's income is generated from the RV Park that was established in 1982. The campground had to be relocated and rebuilt in 2011 to make room for the new Community Hall.

A portion of the income generated by the campground is annually turned over to the Ag Society and the Economic Development Committee.

Over the years the Chamber has used funds remaining after campground expenses, to sponsor various projects, including the rodeo breakfast, community flower barrels and school bursaries. Financial support is also provided for the rodeo street dance and Christmas "Light up Marwayne" event.

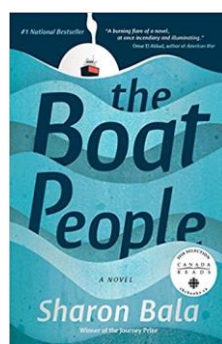

Over the years, the underlying purpose of the Chamber has been the promotion of business within the Village and surrounding area. The committee has recently coordinated advertising for local businesses in tourism publications.

Membership is open to anyone in the community and fresh ideas and input is always welcome and you do not have to commit to another monthly meeting, because most "meetings" are conducted by email or text messages.

Anyone with questions or interest in a membership is encouraged to contact Chamber President Sharon Kneen.

## MARWAYNE PUBLIC LIBRARY

Book Club is currently reading "The Boat People" by Sharon Bala. Come to the library and pick up a copy. You won't be disappointed!

When the rusty cargo ship carrying Mahindan and 500 fellow refugees reaches the shores of British Columbia, the young father is overcome with relief: he and his 6 year old son can finally put Sri Lanka's blood civil war behind them and begin new lives. Instead, the group is thrown into prison, with government officials and news headlines speculating that hidden among the "boat people" are members of a terrorist militia infamous for suicide attacks.

**Next book club meeting to discuss The Boat People will be on:  
Monday, March 18<sup>th</sup> at 6:00 pm.**

**MINECRAFT** will be at the library until Monday evening, March 11<sup>th</sup>. Come on out and have a fun time. There is a tutorial if you do not know how to play.

**The library is a warm place to be!**

But I don't believe God wants us to feel bad about ourselves. There's quite enough of that going around already, and there's nothing life-giving about it. Nor do I believe that guilt helps us to feel closer to God—quite the opposite!

So what if, instead of finding fault with my imperfections, I practiced greeting them with compassion? Instead of scolding myself for every shortcoming, I might acknowledge how hard it is to consistently be the kind, courageous, loving person I long to be.

Maybe if I am able to regard myself with the eyes of love rather than judgment it will be easier for me to trust in God's grace and unconditional acceptance—something I find hard to do. Perhaps as I learn to be patient and compassionate toward myself, I will have more patience and compassion for others as well.

This is my goal for this Lenten season: to take time each day to practice seeing myself as God sees me, not as perfect, but as beloved. And I invite you to join me in this endeavor. It isn't easy—it really does take time and practice.

My prayer for you, and for myself, is that we may learn to see with the eyes of love and discover ourselves and our world transformed.

Please feel welcome to join us for worship on **Sundays at 11:00am**, with coffee and fellowship following the service.
