## Regional Operator report

June 2024

### Common information:

Monthly reports up to date.

New cell phone has arrived and is in service.

Kitscoty operator training ongoing. Lead operator registered to write level 1 exams, other op enrolled in Level 1 prep course.

Regional operator took annual May 7<sup>th</sup> to 9<sup>th</sup>.

Regional operator off sick May 6<sup>th</sup> and May 14<sup>th</sup> to May 27<sup>th</sup> and ½ day on May 30 for cardiac rehab.

Regional operator scheduled annual vacation June 5 to 26.

Large stone hit windshield on truck. Will be replaced in June.

Drinking water safety plans need to be updated in 2024.

Truck was damaged when pulling out of a tight parking spot. Scheduled for repairs in June.

Regional operator has been taken out of the on call rotation but will fill in when needed for annual vacation etc.

### Marwayne:

Data for April 2024 was electronically submitted on AEP site.

Consumption remains low, minimum nighttime consumption down to 12.5 lpm at times. We still suspect a leak somewhere.

One service on 3<sup>rd</sup> Ave and one on 3<sup>rd</sup> street have leaks on home owner's side and are turned off right now.

Monitoring pump cycles when bulk water is used. Bi-systems was in to check.

Located the issue with lag pump on power failure, new parts were installed by Bi-Systems

Looked at some power pole relocations for Atco. No conflicts were found.

Local crew finished sewer flushing for the spring.

Marwayne spring lagoon discharge started May 27<sup>th</sup> 68" Sample taken May 28<sup>th</sup>.

## **REQUEST FOR COUNCIL DECISION**

### **SUBJECT**

Water Conservation Program

### **RECOMMENDATION**

Be it resolved that the Village of Marwayne encourage water conservation by providing a \$50.00 utility bill credit in exchange for the purchase of rain barrels by residents, to a maximum of \$100.00.

### **BACKGROUND**

Councillor Rainey contacted administration regarding a water conservation program that would perhaps be of benefit to the residents in our community. The program would offer a \$50.00 utility bill credit (to a maximum of \$100.00) for the purchase of rain barrels to offset water consumption within the Village. Through the use of these rain barrels, residents could water their flowers, gardens, grass, etc. using non potable water, as opposed to the water from their taps and hoses. This green initiative would be a one time program that would give all persons equal opportunity to participate. Persons who already own rain barrels would not be eligible for the program.

Council reviewed the proposal at the May 13 Regular Village Council Meeting and directed administration to bring back costs to the next meeting. Similar programs at other municipalities include:

- **Red Deer** – \$50 rebate on the purchase of a barrel, credit applied to utility bill. Max 2 over lifetime of water account.
- **Cochrane** – 50% rebate up to \$50 per barrel (limit 3).
- **Brooks** – 1 time only, \$50 rebate, barrel purchased locally
- **Sylvan Lake** – 50% or \$50 per barrel, max \$100 per utility account, financially capped (first come first serve)
- **Delburne** – 1 time only, \$50 rebate purchased between May 1-Oct 31 2024

### **IMPLICATIONS**

Administration would implement the program and facilitate the review of submissions, receipts, and reimbursement via credit on the applicable utility account. This program would in turn reduce our consumption of ACE water by encouraging homeowners to

use non potable water and be more environmentally friendly. Homeowners would be positioned to see years of water savings as a result of this offering.

Council could implement a maximum time period for the program to operate and provide general direction as to the specifications of the criteria. For example:

**Capped budget** – first come first serve within budget set by Council annually, or, over the term of the program.

**Amount of rebate** – flat rate or percentage of cost

**Quantity of rebates** – 1 time only rebate, yearly rebate, multiple rebates per year/barrel

**Eligible barrel specs** – none, BPA Free Polyethylene, capacity

## ATTACHMENTS

1. Delburne Poster and Q&A
2. Olds Q&A and Sign Up Form
3. Red Deer Q&A

# Rain Barrel Rebate Program

May 1 - October 31

Receive a one-time \$50 credit on your utility bill when you purchase a new rain barrel.

Application forms are at the Village of Delburne Office or

[www.delburne.ca/about-delburne/utilities/rain-barrel-rebate](http://www.delburne.ca/about-delburne/utilities/rain-barrel-rebate)

## Rain Barrel Benefits

Conserves treated water by using rainwater for landscaping

Reduces flood risk by diverting water away from your home

Provides a back up source of water during low rainfall periods

### Help Reduce Unnecessary Water Consumption

#### Please check your toilet for leaks!

A leaky toilet can waste up to 20 cubic metres of water a day. The flapper valve is the most common cause of running toilets.

#### Test your toilet!

Place food colouring in the back of the tank. Do not flush.

Wait and watch for 10 minutes.

If the colour seeps into the toilet bowl then you have a leak.

## 2024 RAIN BARREL REBATE PROGRAM Q & A BACKGROUNDER

### 1. What is the Rain Barrel Rebate Program?

The Rain Barrel Rebate Program is designed to conserve our water resources by collecting rainwater to use for gardening and landscaping instead of using treated tap water. The program is available to Delburne property owners who purchase a new rain barrel between May 1, 2024 and October 31, 2024. A credit of \$50.00 will be applied to the property owner's utility account.

### 2. If I purchase more than one rain barrel, do I get multiple credits to my utility account?

No. One rain barrel rebate per utility account is allowed at this time.

### 3. Why should I purchase and install a rain barrel?

Installing a rain barrel is an affordable, easy way to help conserve your water consumption. Rain barrels provide storage of rainwater coming off your rooftops and can be used for outdoor watering of gardens, lawns, trees and planters. This helps to conserve treated water that would otherwise be used for outdoor irrigation.

### 4. How much do rain barrels cost?

Rain barrels can range in cost from around \$60.00 to \$300.00.

### 5. Where can I purchase a rain barrel?

Rain barrels are available at most garden and home centres.

### 6. Is rainwater safe to use in my vegetable garden?

Currently there are no formal provincial or federal guidelines regarding using rain barrel water on residential vegetable crops. The personal use of rainwater is at your own discretion and risk.

### 7. What are the qualifications for the Rain Barrel Rebate Program?

The following criteria must be met to receive a rebate:

- Must have a Village of Delburne utility (water bill) account.
- A copy of the receipt of your rain barrel purchase must be included with the application form. The receipt must clearly indicate **the name of the store, the product name, price, and date of purchase.** Please clearly print your name on the receipt.
- Rain barrels must be purchased from May 1, 2024 – October 31, 2024.
- The rain barrel must be new.

- The rain barrel must not have been purchased through another municipality's incentive program (e.g. rain barrel sale, rebate, etc.)
- The rain barrel must be installed and operated at a property located in the Village of Delburne.
- Maximum one (1) rebate per utility account.
- Applications must be received by October 31, 2024.

*Please allow 8 – 12 weeks for the application to be processed and the credit to be applied to the utility account. The program runs May 1, 2024 to October 31, 2024. Applications received after October 31, 2024 will not be processed.*

## **8. How do I apply for a rebate?**

Applications can be picked up at the Delburne Municipal Office – 2111 20<sup>th</sup> St during business hours or downloaded from our website – [www.delburne.ca](http://www.delburne.ca).

## **9. Can I purchase my rain barrel online?**

Purchases made through classified ads do not qualify; however, purchases through online retailers such as Amazon.ca, are permitted, provided that a copy of the receipt is attached to the application form.

## **10. Can residents who don't have a utility account apply?**

No. Only utility account holders may apply. The name of the applicant must match the name associated with the utility account.

## **11. How long will it take for my rebate to be processed?**

If program qualifications are met, a credit will be applied to your utility account within 8 – 12 weeks.

## **12. Can I have the money instead of a credit on my account?**

No. There is no cash back option.

## **13. What happens if my rain barrel breaks?**

The Village of Delburne is not held responsible for the quality of the rain barrel and does not provide additional rebates in the case of a rain barrel breaking. Contact your retailer for warranty information.

## **14. Where can I find more information on this?**

If you have any questions, please visit [www.delburne.ca](http://www.delburne.ca) or contact the Village of Delburne:

Phone: **403-749-3606**

Email: [village@delburne.ca](mailto:village@delburne.ca)

# Rain Barrel Rebate Program

*Save Water and Money - Rebate Savings Are Here!*

## RAIN BARREL REBATE PROGRAM

The Town of Olds is happy to introduce a new environmental incentive just in time for spring; residents can apply for a rebate of 50 percent of the cost or up to a maximum of \$50 for a rain barrel.

Inexpensive and easy to install, rain barrels are a great way to conserve Town of Olds' drinking water supply. Rain barrels collect and store rainwater that runs off your roof. This water can be used in your yard, reducing the need to use treated water from the tap.

The average rain barrel holds approximately 200 litres of water and depending on precipitation, will fill about three times in a typical summer, which saves about 600 litres of water! Savings will vary based on use of water in the rain barrel and the amount of rain received.

## HOW IT WORKS

### STEP 1 - Determine Eligibility

**Eligible Applicants Must:**

- Be a Town of Olds Resident
- Have a Town of Olds Utility Account

*PLEASE NOTE: rain barrels purchased prior to April 22, 2024 are not eligible for rebates.*

### STEP 2 - Purchase New Rain Barrel

**Eligible Rain Barrels:**

- Must be purchased new.
- Any type of container used to catch water flowing from a downspout.

### STEP 3 - Application for Rebate

To Receive your Rebate - Send in, or, bring in the following:

- Completed application form
- Original sales receipt for new rain barrel (keep a copy for your records)

*Incomplete applications will be returned and must be resubmitted.*

### Important Details:

- One application form must be completed for each new rain barrel rebate.
- Maximum of one rain barrel per residence.
- Rain barrel rebates are processed on a first-come, first-processed basis.

**SAVE WATER AND MONEY!**

Three easy steps toward reducing water usage!

- |                               |                                 |   |
|-------------------------------|---------------------------------|---|
| <b>STEP 1</b><br>—            | <b>STEP 2</b><br>—              | <b>STEP 3</b><br>—                      |
| <b>Determine Eligibility!</b> | <b>Purchase New Rain Barrel</b> | <b>Send in or drop off Application!</b> |

## Q&A BACKGROUNDER

### 1. What is the Rain Barrel Rebate Program?

A program designed to conserve our water resources. Available on a first-come, first-served basis to city of Red Deer residents, 50% of the cost of a rain barrel purchased in the current calendar year, to a maximum of \$50 for each rain barrel (maximum 2 barrels), will be credited to your utility account. The program runs until October 31.

### 2. Why should I purchase and install a rain barrel?

Installing a rain barrel around your home is an affordable, simple way to help conserve water and protect our rivers and tributaries from pollution. Rain barrels provide storage for rainwater coming from your rooftops. Instead of allowing the rainwater to enter our storm drains and the Red Deer River, untreated, rainwater can be used for outdoor watering, including lawn, trees, planters and gardens. This helps to conserve treated water that would otherwise be used for outdoor irrigation.

### 3. Is rainwater safe to use in my vegetable garden?

Currently there are no formal provincial or federal guidelines regarding using rain barrel water on residential vegetable crops. The personal use of rainwater is at your own risk and discretion.

### 4. How much do rain barrels cost?

Rain barrels range in cost from around \$60 to \$300.

### 5. Where can I purchase a rain barrel?

Rain barrels are available at most home and garden centres.

### 6. What are the qualifications for the Rain Barrel Rebate Program?

The following criteria must be met to receive a rebate:

1. Must have a City of Red Deer utility (water bill) account.
2. A copy of the receipt of your rain barrel purchase must be included with the application form. The receipt must clearly indicate the name of the store, product name, price and date of purchase. Your name must be clearly written on the receipt.
3. Rain barrel must be purchased in the current calendar year.
4. Rain barrel must be new.
5. Rain barrel must not have been purchased through another municipality's incentive program (e.g. rain barrel sale, rebate, etc.).

## Q&A BACKGROUNDER

6. Rain barrel must be installed and operated at a property located in the city of Red Deer.
7. Maximum two (2) rebates per utility account.
8. Applications are received by October 31.

Please note that funding is limited and rebates are provided on a first-come, first-served basis. The program runs until October 31. Applications received after October 31 will not be processed.

### **7. Why can't I receive a rebate for a rain barrel that was purchased last year?**

There is a limited annual budget. Each year has its own budget and we want to ensure that as many residents have the opportunity to participate as possible.

### **8. How do I apply for a rebate?**

Applications can be submitted online at [www.reddeer.ca/rainbarrels](http://www.reddeer.ca/rainbarrels).

### **9. Can I purchase my rain barrel online?**

Purchases made through classified ads do not qualify; however, purchases through online retailers, such as Amazon.ca, are permitted, provided a receipt is attached to the application form.

### **10. Can residents who don't have a utility account apply?**

No. Only utility account holders may apply. The name of the applicant must match the name associated with the utility account.

### **11. If I live in a condo association, do I still qualify for a rain barrel?**

As long as you have a utility account, you qualify for a rain barrel rebate. However, please speak with your condo association for approval to install a rain barrel.

### **12. Do I need a permit to install a rain barrel?**

No, you do not need a permit. However, if you live in a condo, you should speak with your condo association for approval to install a rain barrel.

You are also encouraged to review the information at [www.reddeer.ca/rainbarrels](http://www.reddeer.ca/rainbarrels) for proper care, installation and maintenance of your rain barrel.

### **13. How many rain barrel rebates can I get?**

---

**Q&A BACKGROUNDER**

Maximum two (2) rebates per utility account is permitted. Participants who received a rain barrel rebate in past years are welcome to apply again for an additional rebate.

**14. How long will it take for my rebate to be processed?**

A credit will be applied to your utility account within 8-12 weeks.

**15. Can I have the money instead of a credit on my account?**

No. There is no cash back option.

**16. What happens if my rain barrel breaks?**

The City is not held responsible for the quality of the rain barrel and does not provide additional rebates in the case of a rain barrel breaking. Contact your retailer for warranty information.

**17. Where can I find more information on this?**

For more information and to apply to the Rain Barrel Rebate Program, visit [www.reddeer.ca/rainbarrels](http://www.reddeer.ca/rainbarrels) or call Community Development at 403-406-8820.

## CHIEF ADMINISTRATIVE OFFICER REPORT

MEETING DATE: JUNE 10, 2024

### 1. FOIP Statistics

- a. Submitted on June 3, 2024 to the provincial government.

### 2. Photocopier upgrade

- a. Executed an agreement to upgrade the photocopier. We will be saving approximately \$200.00 per month and \$0.10 per page for both black and white and color printing.
- b. New photocopier will be arriving in 2 weeks.

### 3. Agreement with Morgan and Tara Wood

- a. Executed and finalized. Construction to begin on June 13<sup>th</sup>.

### 4. CAO Meeting

- a. Meeting with the CAO's for the County of Vermilion River, Village of Paradise Valley and Village of Kitscoty on June 12<sup>th</sup> here in Marwayne.

### 5. Fire Services Meeting

- a. Meeting with the County of Vermilion River on June 12<sup>th</sup> regarding our fire services agreement.

### 6. Regional Emergency Management Collective

- a. Meeting with the partners of the REMC on June 25<sup>th</sup> at the City of Lloydminster.

### 7. Local Government Administrators Association Conference

- a. Attending the LGAA Conference from June 18 through June 21, 2024.

### 8. Road Projects

- a. Projects are expected to begin late July early August.

ALBERTA  
MUNICIPAL AFFAIRS  
*Office of the Minister*  
MLA, Calgary-Hays

AR114112

May 21, 2024

His Worship Christopher Neureuter  
Mayor  
Village of Marwayne  
PO Box 113  
Marwayne AB T0B 2X0

Dear Mayor Neureuter:

Further to the information on Local Government Fiscal Framework (LGFF) funding announced on December 15, 2023, I am pleased to provide correspondence for your record confirming the 2024 LGFF Capital and LGFF Operating allocations for your community.

For the Village of Marwayne:

- The 2024 LGFF Capital allocation is \$296,086.
  - This includes \$64,172 in needs-based funding allocated to local governments with a population less than 10,000 and a limited local assessment base.
- The 2024 LGFF Operating allocation is \$152,330.

LGFF Capital is a legislated program aimed at providing local governments with substantial notice of their future infrastructure funding. As indicated on the program website, in 2025, your community will be eligible for \$318,822. Information on 2026 LGFF Capital allocations will be shared with local governments this fall, after growth in provincial revenues between 2022/23 and 2023/24 has been confirmed and applied to calculate 2026 program funding. LGFF Capital amounts will be published annually on the program website each fall.

Further information on LGFF funding for all local governments is available on the LGFF website at [www.alberta.ca/LGFF](http://www.alberta.ca/LGFF).

The LGFF program represents the culmination of significant work between the Government of Alberta and local governments across the province, and I am pleased the program will further our partnership in building Alberta communities together. I look forward to working with your community, and every local government across Alberta, as we continue to build strong and prosperous communities together.

Sincerely,

A handwritten signature in blue ink that reads "Ric McIver".

Ric McIver  
Minister
